Amdt. dated July 21, 2004
Supplementing Amendment of January 12, 2004

Amendments to the Claims:

This listing of the claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1-9 (Cancelled)

10 (Currently Amended). A method for therapeutic treatment to induce G-CSF production or secretion in a subject in need thereof, comprising administering to the subject an amount of an A3-selective adenosine A3 receptor agonist (A3Rag) in a manner such that it exerts its prime effect through the adenosine A3 receptor, the amount being effective to selectively agonize the adenosine A3 receptor so as to induce G-CSF production or secretion.

11 (Cancelled)

12 (Previously Presented). A method according to Claim 10, wherein the drug is administered orally.

13-14 (Cancelled)

15 (Currently Amended). A method according to Claim 10, wherein said active ingredient is an A3-selective A3Rag that is a ~~nucleotide~~-nucleoside derivative of the following general formula (I):
